About Us

Since 1990, Bin Turkey Al Subaey Stores has established itself as the go-to-store for tourists looking for souvenirs, gift items, handicrafts, and their like. The credit for our success should be given to our trained employees who never shy away from treating customers as kings.

Although, we are a local venture, we make it a point to support handicrafts from other countries like Syria, Egypt, Iran, Turkey, India, Nepal, Indonesia, China, etc.

Besides giving almost preferences to customer requirements, we take care in services like timely delivery of goods, fulfilment of customer requirements and after sale services for selected items.

Apart from running shops in Souq Waqif, our stores and stalls are set up time and again in exhibition centres, hotels, sport events and other local events.
